# EMERGING VISION

The project team has synthesized all learnings from analysis, community outreach and engagement into an emerging vision, drafted below. The members of the public and various agencies will have opportunities to help craft this vision further.

The Winslow Subarea plan envisions a **VIBRANT AND COMPLETE COMMUNITY** with a **UNIQUE SENSE OF PLACE**, that remains the **VITAL CENTER FOR ISLANDERS** and **VISITORS**.

The community strives for **THRIVING LOCAL BUSINESSES**, entrepreneurs, and **ART AND CULTURAL INSTITUTIONS** to benefit the whole community and create **ECONOMIC VITALITY**.

The Community increases in **RESILIENCE** by balancing environmental goals, social imperatives, and new development. The community fosters **DIVERSITY AND INCLUSION** by creating **DIVERSE HOUSING OPTIONS** which are **AFFORDABLE AND ACCESSIBLE** to all, creating a welcoming environment and offering opportunities for civic engagement.

**PRESERVATION** and **ENHANCEMENT OF ECOLOGICAL RESOURCES**, networks of open spaces and access to enhanced **AMENITIES** and **COMMUNITY RESOURCES** are key priorities for the community.

The community prioritizes safe, efficient **MULTIMODAL TRANSPORTATION** options and leverages technology to improve services, promote accessibility to **ALL AGES AND ABILITIES** while investing in **PEDESTRIAN-FRIENDLY GREEN INFRASTRUCTURE** and alternative transportation modes.
