

To The Ethics Board:

I have just been appointed to the Civil Service commission and am requesting your ruling on a committee that I am a part of at this time. I participate on the Bainbridge Island Citizen's Roundtable. The purpose of this group is to bring to the attention of the Bainbridge Island Police any rumors, questions, etc. from the community or that we have that need clarification. Lieutenant Jensen and Chief Hamner are in attendance at these meetings. The Police answer our questions and also relate to us any incidents of importance that have taken place since our last meeting. We meet every other month. The police will also ask for our input. We have discussed incidents such as the Ostling case, how to involve teens in discussions and so on

If you feel that I have a conflict of interest, I will immediately resign from this committee. Thank you for your clarification.

Sincerely,

Kathy Dunn
